## SUCCESSFUL EXHIBIT AT THE SYDNEY HOME SHOW 2024

We recently concluded a successful exhibit at the Sydney Home Show 2024, where we showcased our latest innovations in sustainable building solutions. From the 8th to 10th of March, our team had the pleasure of engaging with homeowners, industry professionals, and enthusiasts alike, offering insights into our cutting-edge panel systems.

Throughout the event, visitors had the opportunity to explore our booth and discover the transformative potential of Delta Panels. Our products, known for their energy efficiency and stunning design possibilities, garnered significant interest from attendees seeking to elevate their construction projects.

Overall, our participation in the Sydney Home Show 2024 was a resounding success. We extend our heartfelt thanks to everyone who visited our booth, engaged with our team, and expressed interest in our products.

📣 Calling all New South Wales Sales Representatives! 📣

**WE'RE  
HIRING**

NSW Sales Representative

We are looking for an External Sales Representative to join our sales team to assist with meeting demand. You will be in charge of a few areas in Sydney NSW.

If you possess the abilities and requirements to fulfill this role, please send your resume and cover letter to [zoe@deltapanel.com](mailto:zoe@deltapanel.com)

**Enjoyed your experience with us?  
Let us know! Leave a Google  
review and share your thoughts  
with others.**

Our DeltaCool™ panels were recently used on a cold room project. Check out this amazing review from our lovely customer Anton below!

*"I am delighted to report that we have encountered no issues with the Delta Panel. Coordination efforts, from managing truck arrivals to communicating the schedule for Monday and Tuesday, have been seamless.*

*The installation process has been exceptionally smooth and satisfactory. Each joint has been meticulously aligned, ensuring consistent foam-to-foam contact throughout the structure. We have minimized time wastage by eliminating the need to remove excess foam, both at the top and bottom of each panel. Additionally, the increased protective layer on each pack has proven invaluable, especially during unloading on uneven surfaces, preventing any damage to the bottom panels per stack.*

*Please find attached some photos for your reference. While it may appear to be just another project, our commitment to executing each process meticulously contributes to delivering a superior end product for our client. Delta's contribution has undoubtedly set a high standard for the project's success."*

# STAFF NEWS

## *Love is in the air*

On behalf of everyone at Delta Panels, we want to extend our warmest congratulations to Sales Representative, Devon and Maintenance Technician, Barney for both getting married recently! Best wishes to you both on this wonderful journey!

## Farewell Chinh!

It is with mixed emotions that we bid farewell to our Packing Manager, Chinh as he embarks on a new journey.

While we are sad to see him go, we are also incredibly excited for the opportunities and adventures that lie ahead.

His commitment to excellence, attention to detail, and unwavering support have been instrumental in ensuring the smooth operation of our packing department.

Thank you for everything, Chinh. You will be missed.
